Parking enforcement takes place 24 hours a day, 7 days a week at this site. The same parking conditions/tariffs apply to all motorists, including disabled badge holders. Carflow Ltd is authorised by the landowner to manage parking at this site on its behalf. Carflow Ltd is not responsible for the car park surface, general site safety, users' safety, vehicle contents or damage or loss to or from motor vehicles. This is a camera controlled car park. ANPR and/or vehicle photography by parking attendants is in operation. This car park is private property. By parking, waiting or otherwise remaining on this private land, motorists enter into a contract with Carflow Ltd and agree to comply with the terms and conditions as set out on this notice ("The Parking Contract"), including making payment and entering your vehicle registration data via payment machines and/or terminals as required. If the motorist fails to comply with the terms and conditions, they agree that they are liable to pay a Parking Charge and vehicle keeper details may be requested from the DVLA. If a Parking Charge becomes due, a reduced payment option will be available for a specified period from issue. Failure to pay within this period will result in the full amount becoming payable. If the Parking Charge remains unpaid after 28 days, an administration fee may be added and debt recovery or court action may be taken. Additional costs may also be incurred as a result of debt recovery or court action. The Parking Contract shall form the entire agreement between the parties and any variation of the terms shall not be valid unless confirmed in writing by Carflow Ltd. In addition to the Parking Contract, please see details on how Carflow Ltd protects your data privacy below.

Privacy Information - when you use this car park, Carflow Ltd collects and processes certain data in order to ensure that you are complying with our terms and conditions and to enforce these where necessary. We also use the data for car park management. This will include, for example, reporting on vehicle turnover and repeat visits in order to improve the customer experience. The data we collect comprises images of vehicles using the car park, the Vehicle Registration Number and times of entry/exit. This is collected via Automatic Number Plate Recognition cameras and/or vehicle photography by parking attendants, as well as via payment machines or terminals. We may share data from time to time as required to support the purposes stated above. When collecting the data specified above, Carflow Ltd is the Data Controller.
